ARCADIA

ARCHIMEDE STENCIL
SCREEN PRINTER STENCILS STORAGE & FINDER

SHELVES FOR STENCILS

Archimede shelves are specifically designed to store your stencils, whether they are foils, VectorGuards, or framed.

Each position is sensorized and has a dedicated RGB LED.

Different operators can simultaneously find their stencils identified by different LEDs colors

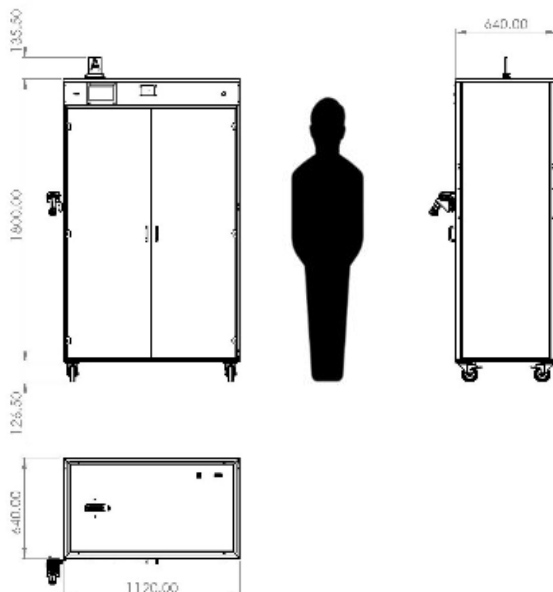

ALL YOUR STENCILS IN ONE PLACE

Archimede Stencil is designed to accommodate frameless stencils in carton boxes, DEK VectorGuard and Framed Stencils.

Custom stencils? Don't panic, ask our experts and we will find a solution for you!

Each Archimede Shelf can store up to 240 frameless stencils or 120 VectorGuard stencils in 0.60 square meters!

Worried about dust? Archimede Stencil can be equipped with stylish glass doors that will protect from contamination.

NATIVELY INTERCONNECTED

Archimede Stencil in natively connected to Archimede environment.

Stencils can be added to your BOMs and requested remotely when the setup is changed.

Find the stencils necessary for production easily, quickly and without errors
